

MEDICATION LIST

The medications listed below are all available at the Red Gold Health & Wellness Center, powered by Activate Healthcare, at little or no cost to you and your family with clinic use. Because we are not a pharmacy, all medications must be prescribed by the Activate Healthcare provider. If your physician has been prescribing one of these drugs and you want to take advantage of the drugs available at the clinic, please schedule an appointment with one of the providers. If appropriate, they will write you a new prescription and be able to provide the medication to you.
